| 9:30am to 10:00am | What makes MECC important to us all?  
|                | Setting the context and identifying what might be possible if we take a system wide approach towards MECC.  
|                | Explaining the purpose and content of the session - what we might hope to achieve and how we might do this.  
|                | Making an even more powerful case for MECC and agreeing what makes MECC a priority for us all. |
| **Session 2** | Hearing from the experiences of where MECC is working well  
| 10:00am to 10.30am | Hearing from local speakers about their experience of MECC – what has worked well and what has been more difficult. A chance to ask questions and deepen understanding. |
| **Session 3** | Understanding what we already have in place and where  
| 10.30am to 11.15am | Mapping our current MECC activity in the region has already begun and so we now have a locality based picture about what is happening and where. We would like to build on this locality approach and identify further opportunities and gaps. |

| **Session 4** | Creating our ambition for the future  
| 11.30am – 12.30pm | Consider what success would look like if MECC as an approach was thriving from the perspective of local people. We will create the elements of our vision for the future. |
| **Session 5** | Ways of working together – the C&M pledgethon  
| **Session 6** | Putting the building blocks in place  
| **Session 7** | Commitments to action and next steps
